Professional Summary

Python Full Stack Developer with hands-on experience building web applications using Flask, MySQL, HTML, CSS and JavaScript. Completed a professional Python Full Stack training program and developed multiple projects including Notes Management System and Student Result Analysis System. Passionate about developing scalable web applications and solving real-world problems.

EDUCATION

Centurion University of Technology and Management **Paralakhemundi, Odisha**
Bachelor of Engineering in Computer Science – CGPA-8.20 *2022 – 2025*

TECHNICAL SKILLS

Languages: Python, JavaScript
Web Development: HTML, CSS, ReactJS, SQL
CS Fundamentals: Data Structures, OPPS, DBMS
Tools: Git, GitHub, VS Code, MySQL Workbench

EXPERIENCE

InternPe **May 2024 – Jun 2024**
Data Science Intern

Breast Cancer Prediction

- Contributed to machine learning projects by developing, training and evaluating models to address real-world problems.
- Performed exploratory data analysis (EDA) to identify trends and patterns, and created comprehensive visualization with sea born and matplotlib to support data-driven decision-making.
- Analyzed results to provide actionable insights, improving the accuracy and effectiveness of data models and supporting strategic business objectives.

PROJECTS

Notes Management System (Flask)
Python, Flask, MySQL, HTML, CSS, JavaScript

- Developed a full-stack Notes Management Web Application with user registration, login, and session-based authentication using Flask.
- Designed and implemented the MySQL database schema to store users and notes, enabling create, read, update, and delete (CRUD) operations.
- Built backend routes in Flask and integrated them with a responsive UI developed using HTML, CSS, and JavaScript.

Student Result Analysis System

- Developed and integrated a student result analysis system using [technologies/tools: Python, Excel, SQL].
- This system automates the process of analyzing student performance data, including grade calculation, trend analysis, and generating comprehensive reports to assist educators in identifying areas for improvement.
- Implemented data visualization tools to present key metrics and insights in a clear and accessible manner, enhancing decision-making for teachers and administrators.

ACHIEVEMENTS

- Successfully tackled more than 100 challenges across various online platforms..

CERTIFICATION

- **Python Full Stack Development – Codegnan IT Solutions (2026)**
  Completed training in Python, Flask, MySQL, HTML, CSS, JavaScript and AWS.
- Certified in Python Essentials after completing the course **Provided by Cisco Networking Academy**
- • Completed Code Tantra's intensive training program in Java programming, demonstrating proficiency through the successful delivery of 5 unique applications, which solidified understanding of core concepts and application of programming logic.
- Received certification for successfully finishing the Data Science internship **Provided by InternPe**
